Belt Press

Equipment Description

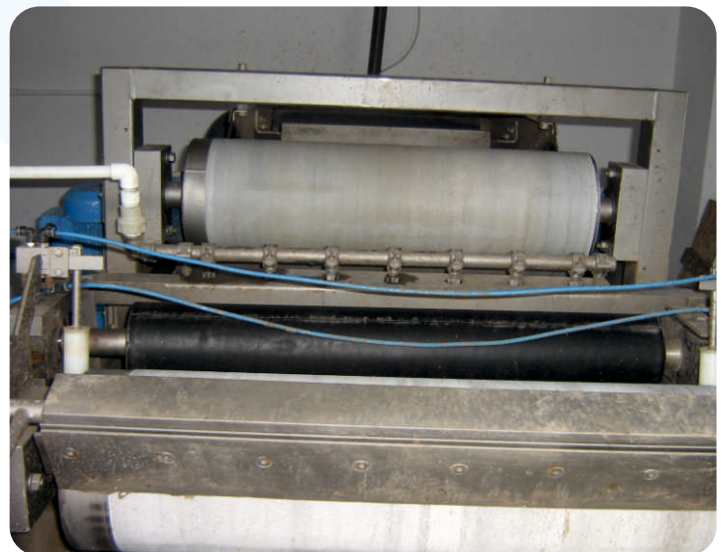

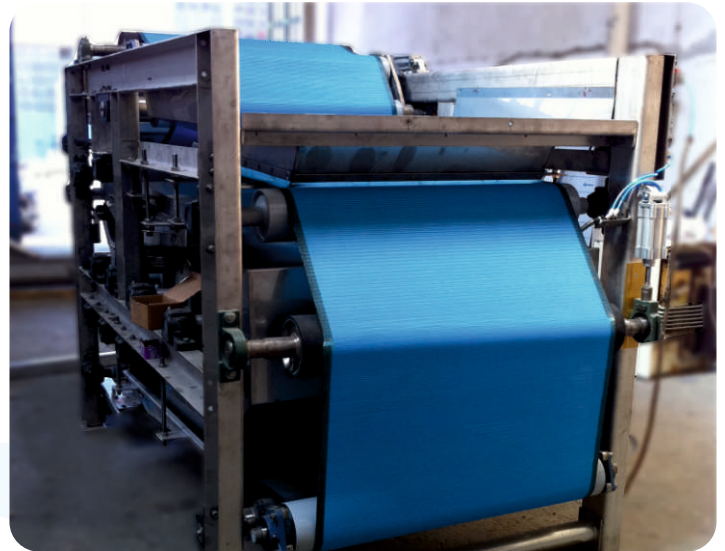

Belt press manufactured by Ptech GmbH is an industrial machine to thicken or dewater the sludge. This product is suitable to municipal sewage treatment, domestic wastewater treatment and all types of treatment of sludge. Belt press can be manufactured according to the customer preferences from ST37, AISI304 or AISI316 quality steel.

Advantages of Belt Press

- It is a compact system.
- Requires less maintenance.
- High density of solid particle.
- Low noise, less consumption of chemicals.
- Smart Control automatic cleaning system, easy to operate and maintain.
- Low energy costs.

Areas of Application

- Water treatment plants.
- Domestic wastewater treatment plants.
- Industrial wastewater treatment plant.
